Wage Accord Reached

GM Strike Is Settled

DETROIT, March 13.—(AP)—The General Motors strike was settled today on the basis of an 18 1/2 cents an hour wage increase (16 1/2 per cent).

IN ADDITION, GENERAL MOTORS agreed to remove "inequality" in wage rates as sought by the United Auto Workers, CIO.

The union, in its announcement of the settlement, said the company promise "meets the 10 1/2 per cent increase recommended by President Truman."

IN ADDITION, THE UNION SAID, "there are other economic clauses—improved vacation pay, which alone amounts to approximately \$3,000,000 a year; improved overtime rates for seven-day continuous operations and equal pay for women—which brings the total average hourly increase to well above 19 1/2 per cent."

THE ANNOUNCEMENT OF THE strike's demise, made jointly by General Motors, Special Mediator James F. Dwyer, and the union, hours after the walkout of GM's 175,000 workers, longest and costliest strike in the automobile industry's history.

"Problem Boy" Case Aired

At School Board Meeting

The case of a nine-year-old boy, said to be a "reactor" to discipline and school regulations, featured Tuesday's meeting of the Edmonton public school board, when Mrs. Julia Kinski appealed the board for acceptance of a Roman Catholic child into the classes of the Bennett public school, due to the distance he would have to cover in attending a separate school and his demonstrated unreliability in actuality.

Federal Cabinet

Holds Long Meet

OTTAWA, March 12.—(CP)—The federal cabinet held two lengthy meetings yesterday and today, during which the world food situation and the work of the parliamentary session were among matters discussed.

Agriculture Minister Gardiner was believed to have discussed the food question prior to his departure Wednesday for a Washington meeting of the combined food board.

There were indications that a statement of government policy on food and prices for the coming year would be made early in the session.

REPRESENTATIVES OF western wheat producing areas are expected to renew requests that Canadian farmers be paid the world price for wheat, now about \$1.50 a bushel, instead of the \$1.35 a bushel fixed by the government last year.

Farmers are said to feel they are entitled to higher prices because of increased labor and material costs.

Coupled with demands for increased wheat acreage have been requests from various groups for higher prices for farm products, for a relaxation of price controls and for a maintenance of the cost of living at as low a level as possible.

Berlin Enjoying

Big Third Rift

BERLIN, March 13.—(AP)—Germans in this city, which is ruled by the four powers, have become increasingly antagonistic toward the United States, according to exchanges between the Soviet Union and the western powers.

BERLINERS WHO PICKED UP one of the seven newspapers printed by the Soviet sector last night, yesterday found Winston Churchill's war hero a few months ago—attacked as a war-monger. Just as hating the British 500,000 persons here in charge of the UNR's department of public information, said last night, they had watched Communist army officers on loan to Canadian army officers had denied flying schedules and made necessary the four-day postponement.

Security Council

Meet Postponed

NEW YORK, March 13.—(AP)—The meeting of the Security Council of the United Nations Organization, originally scheduled to open here March 21, probably will not begin until March 25, Benjamin Cohen of Chile, assistant secretary-general in charge of the UNR's department of public information, said last night.

LONDON, March 13.

(BUP)—Joseph Stalin

tonight charged Winston Churchill had delivered a "source of" ultimatum to the

non-English-speaking world and predicted that "Churchill and his friends" will be beaten

if they succeed in organizing armed intervention against eastern Europe.

STALIN BLUNTLY declared that Churchill's attitude was incompatible with the 20-year Anglo-Russian treaty of alliance and

predicted that "Churchill and his friends" will be beaten if they succeed in organizing armed intervention against eastern Europe after the Second World War, said Stalin.

"I said confidently they would be beaten."

Stalin emphasized the gravity of the diplomatic crisis between the three great powers by breaking his

speech into three parts, each beginning with the words "I said confidently they would be beaten."

There are 50 links in the hand-carved wooden chain which the above picture shows Premier Ernest Manning receiving from R. J. Hoefling, 4913 10th street.

Each link has the name of a Social Credit member of the Legislature written on it, while the premier's name is in horseshoe. Mr. Hoefling said it took him only five days of spare time work to carve the chain from a piece of white pine 2 by 6 inches and 8 feet long.

In one afternoon he whittled 22 links. The horseshoe in the center and the maple leaves are all carved from the same piece.

Mounted on the leaf in the show is an Alberta shield and a beaver. The picture was taken on Tuesday afternoon in the office of Hon. A. J. Hooke, provincial secretary. Mr. Hoefling's brother-in-law.

Premier Receives Hand-Carved Chain

Soviets Also Within 20 Miles of Tehran

By JOSEPH GOODWIN

TEHRAN, March 13.—(AP)—Russian combat troops in full campaign kit were sighted by British and other official sources today to have closed within 20 miles of this capital and to be moving southwest across northern Iran close to the borders of Turkey and Afghanistan.

The reports caused James F. Byrnes, United States secretary of state, to issue a statement today that the United States would not support the dispatch of another note to Moscow demanding an explanation of the situation.

PREMIER AHMED QAVAM just returned from inconclusive negotiations in Moscow over the continued presence of Russian troops in Iran, declared today that no agreements were reached.

Qavom described as "ridiculous" reports circulated during his visit to Moscow that he agreed to six Soviet demands which were reported to have included the incorporation of Azerbaijan into the Soviet Union, granting of oil concessions to Russia and direction of

Jap Deportation

Pending Appeal

OTTAWA, March 13.—(CP)—Prime Minister Mackenzie King announced today action under orders-in-council for the deportation of some Japanese in Canada will be suspended pending the appeal of any appeal to the Privy Council from a Supreme court judgment confirming the government's authority to make the deportations.

MR. KING SAID the government would facilitate any appeal to the Privy Council.

The Canadian Immigration Committee in Toronto last month the Supreme court ruling would be suspended.

A statement from Mr. King's office said:

"In the meantime, the department of justice will proceed with the removal of the bulk of the Japanese who wish to leave Canada to do so as early as possible."

"Mr. King made it clear that notwithstanding the fact that the immigration committee under review any Japanese persons who wish to continue their families and their terms provided for in order-in-council P.C. 7555, which allows the removal of the bulk of the Japanese and assets held in Canada, and the removal of the bulk of the Japanese civil and government assistance in needy cases."

"PERSONS LEAVING under these arrangements will be accorded free transportation for themselves and their families and for whatever baggage allowance is allowed by shipping companies."

Arrest Juveniles For Two Break-Ins

Two juveniles were arrested by the Edmonton police late Tuesday morning following two break-ins at St. Paul Tuesday evening. Total loot more than \$500 was recovered, police reported.

ENTERED were the premises occupied by Skelton's Drug Store at 1030 10th street. The store owners are alleged to have taken \$25 in cash from the former and \$400 worth of merchandise and cash from the co-operative store.

The two juveniles, who were arrested by the police, were taken to the child welfare department and that the total loot was recovered.

Instructor Falls Out of Airplane During War Roll

SAN FRANCISCO, March 13.—(AP)—Douglas McRoy of Los Angeles, 27-year-old student pilot in a Robinson airplane, was making an instruction flight with Lt. Travis Almond, instructor, when Almond, exercising a slow roll at 4,000 feet, McRoy looked around to find his instructor had fallen out of the plane. Almond was drifting to earth in his parachute. McRoy, who had fallen out of the plane during the roll, landed unhurt in a tree and McRoy piloted his plane safely back to the field.

Incredible Results Surprise Advertiser

Results come so quickly from "Articles for Sale" advertisements in the Edmonton Bulletin that many of our advertisers find it hard to believe that the results are so quick. For instance, one morning recently an advertiser telephoned a small ad in the Bulletin in which he advertised a piano for sale. This ad appeared in our afternoon edition, and in less than four hours he telephoned to say her piano had been sold.

Results of this description are being received by other advertisers in the Bulletin.

Billion-Dollar Housing Plan Urged in East

TORONTO, March 12.—(CP)—A. A. MacLeod, leader of the Canadian Labor-Progressive party in the Ontario legislature, proposed in the legislature last night that the Dominion government appropriate \$1,000,000,000 for a five-year national housing program to meet a "critical" shortage of accommodation.

HE SAID THE MOVEMENT related from citizens as a "housing loan."

"Housing is on the black market in Canada today," said Dr. MacLeod. "Returning war veterans and war workers are being forced to live in shacks."

Canada had spent \$18,000,000 in wartime, raising two-thirds of the amount by taxation. If that could be achieved in wartime it would be no much to ask that \$1,000,000,000 could be used to put good houses at the disposal of war veterans.

"The Dominion government by its housing policy is capitalizing to profiteers."

OFFICIALS IN DESCRIBING the difficulty of arranging housing programs spoke of a lack of materials. But the government had spent \$1,000,000,000 on buildings in three years of war. Lumber was said to be scarce, but official figures showed enough lumber to build 1,000,000 houses in five years the Dominion had produced enough lumber to build 1,000,000 houses in five years.

Liner Yukon Breaks Up Mankind Always Chary of Women, Lecturer Says

BUFFALO, N.Y., March 12.—(AP)—"Our civilization has been preserved by a strong and manly character," said a lecturer who said "woman in her place because it is afraid of her," an all-time favorite of a speaker who was advertising club luncheon was told yesterday by a woman.

Mr. Maynard Berlitz, Voltaire, of Pelham, author, linguist and lecturer, said, "The savage feared his woman because of man's weakness. He was afraid he would catch her."

"In early Christian times he feared her as a temptation and during the Renaissance the historical phenomenon of the 'lady' appeared."

CALLING THE IDEA OF the "lady" a "purely man-made invention" to keep women in their place, he declared that the "World War I" threw the lady out of her perch and now she is afraid of her for economic reasons. She now more than half the nation's wage earners and 100 percent of the purchasing power.

Mr. Berlitz added that it was a high time that the "lady" should be taken care of by the men. It's her time to "take care of" herself just "women" without apologizing for it.

Renown Mills Buys Building From Spillers

Purchase of the \$100,000, 10-story building at 1011 Main St. today by Renown Mills Ltd., a Canadian company recently incorporated in Alberta, was announced in a statement Wednesday by the company's solicitor, W. E. Simpson, K.C. of Edmonton.

CHIEFLY RESPONSIBLE for completion of the transaction is J. J. Pinchin, of Copeland Four Mills Ltd., a Montreal firm, who is engaged in negotiations for the last several months on behalf of the purchasing company.

THE AMOUNT INVOLVED in the transfer of ownership was not divulged.

PRESIDENT OF THE Renown Mills Co., Mr. W. E. Simpson, of Toronto, Mr. Horsey, who is also president of the Dominion Stores, six directors of the new company are listed, namely, Alexander H. Smith, Bellevue, and C. McPherson, C.A. Toronto; Wilfred W. Parry, K.C. Toronto; Clarence H. Smith, Bellevue, and C. McPherson, C.A. Toronto; Wilfred W. Parry, K.C. Toronto; Clarence H. Smith, Bellevue, and C. McPherson, C.A. Toronto.

RESPONDING OF THE mill, scheduled for three months hence, is considered one of the greatest industrial developments in the Canadian West that will have been made in many years.

Operating personnel of the Renown Mills Co. will be employed in the province, wherever possible.

RETIRED FROM EMPLOYMENT, every opportunity would be advanced to local service men interested in the various types of work represented in the mill, and for young men of high school education who prefer an industrial career.

NAMED AS ONE of the most important and most modern in Canada, the Spillers' Mill is being directed by C. D. Howe and Company, Port Arthur, this firm is a subsidiary of the Hon. C. D. Howe, federal minister of reconstruction, and a graduate of the engineering school from the Boston Institute of Technology.

EQUIPMENT WAS INSTALLED by Henry Simon Ltd. of Stockport, England, who is operating on the British "long system" of milling, a method stated to be the most efficient.

Commenting on the mill's future, Mr. Pinchin, president of the company, said the concern of his company for the present at least, is to get the plant into production at the earliest possible moment.

HE SAID THAT according to studies of the world milling picture it may require 10 to 20 years before Canada, Continental and Atlantic milling capacity, destroyed during the war, will be replaced.

MR. PINCHIN viewed the pending reopening of the mill as a "substantial contribution" toward assisting Canada to assist the people in war-ravaged and war-disrupted areas.

Technical personnel from London, England, and Midland, Ont., have now arrived at the plant to organize preparations for its reopening.

Sources of revenue failed to reveal whether an amount could be obtained.

AS THE YEARS went on this amount would be gradually increased he pointed out, since with the greater assistance school districts would expand their facilities.

"There is no logical reason to estimate that the provincial government, under the status quo, can pay more of the cost of education," he said.

In Ontario and K.C. the minister said there were different sources of revenue available to the government. In Ontario are many taxes, he said, that are levied on the rich and the poor in the same province.

HE SAID THE MOVEMENT related from citizens as a "housing loan."

Pledged Fuehrer to Do Bidding Goering Tells of First Hitler Meeting As He Testifies on His Own Behalf

BY WALTER CROWKITE
NURNBERG, March 12.—(AP)—Reichsmarschall Hermann Goering today faded red cracked twisted around his neck, told the War Crimes Tribunal today that the first time he met Adolf Hitler he pledged the Fuehrer that he would do his every bidding.

Goering said that he was the first of the Nazi defendants to testify in his own behalf.

Goering told the court how he had first met Hitler early in the 1920s and how he had worked with him against what he called "the nations of Versailles."

At his first meeting, said Goering, his voice broke.

REFRESHING HIS memory from a purple notebook which he held in his hand, Goering told how he had met Hitler at a party in the First World War, ending the war as commander of the famed 13th squadron.

"From the beginning," he said, "I was opposed in every way to reaction and to the (Weimar) republic. I could not combine this with my inner convictions so I left the army and became a writer."

Goering's CO-DEFENDANTS listened impassively as Goering testified directly to the court on his own behalf.

He first saw Hitler, Goering said, at a party in 1921, when he was a Nazi.

"HE SPOKE AGAINST Versailles," Goering recalled, "and said that Germany was a great nation and that there was no sense in protesting. This attitude was word for word the basis of my own attitude."

Goering said he was given the task of organizing the Nazi SA "disciplined, completely reliable unit which would carry out my orders and the orders of Hitler."

"It was very difficult for these brave men," he said, "for we were small and our opponents were heavy. I also was interested in getting into the SA."

The French cabinet yesterday approved a new note to Britain and the United States in support of its contention that the Franco government of Spain is a threat to peace and should be no considered by the United Nations Security Council.

THE French cabinet and the United States turned down France's request that the United Nations Security Council should be no considered by the United Nations Security Council.

Canadian Exports To U.K. Increase

LONDON, March 12.—(CP)—United Kingdom trade accounts now printed in detail after war restrictions reveal how dependence on Canada for grain, meats, dairy produce and even tobacco has grown since 1938.

In 1938 the monthly average of all grain and other imports was 16,700,000 hundredweight. This year's imports totalled 17,500,000 hundredweight of which Canada provided 8,500,000.

Salmon imports had a monthly average of 12,000 hundredweight in 1938 but in January this year were 25,000.

IN 1938 CANADA SHIPPED no beef but in January this year the monthly average was set at more than 20,000 hundredweight. Bacon shipments on a monthly average are up from just over 100,000 hundredweight to 200,000 in January.

Advices from Cansero, India today said four persons were killed and more than 100 injured yesterday in a provincial election riot during which police fired to disperse a milling crowd.

Japanes torpedoes were better than their American or British counterparts—they carried a larger explosive charge, had more range and greater speed, and left no bubble trail. Capt. Allan I. Dunning, who directed an United States Navy technical mission to study war secrets of the Japanese navy, announced in Tokyo today on completion of his project.

Russia has not yet informed China when the complete withdrawal of Soviet forces from Manchuria will be completed. Vice-Minister of foreign affairs Liu Chieh said today in Chungking he told a press conference the Chinese government had received no information that the Soviet evacuation of Mukden drew the start of a general withdrawal from Manchuria.

Had No Opposition But Lost Election

ONSTED, March 12.—(AP)—E. P. Burnham was unopposed for re-election as president of this small village—but he lost. Only three voters went to the polls Monday. All three scratched out Burnham's name and wrote in that of Lee Townsend, a real estate dealer.

Sources of revenue failed to reveal whether an amount could be obtained.

AS THE YEARS went on this amount would be gradually increased he pointed out, since with the greater assistance school districts would expand their facilities.

"There is no logical reason to estimate that the provincial government, under the status quo, can pay more of the cost of education," he said.

In Ontario and K.C. the minister said there were different sources of revenue available to the government. In Ontario are many taxes, he said, that are levied on the rich and the poor in the same province.

Goering's CO-DEFENDANTS listened impassively as Goering testified directly to the court on his own behalf.

He first saw Hitler, Goering said, at a party in 1921, when he was a Nazi.

"HE SPOKE AGAINST Versailles," Goering recalled, "and said that Germany was a great nation and that there was no sense in protesting. This attitude was word for word the basis of my own attitude."

Goering said he was given the task of organizing the Nazi SA "disciplined, completely reliable unit which would carry out my orders and the orders of Hitler."

"It was very difficult for these brave men," he said, "for we were small and our opponents were heavy. I also was interested in getting into the SA."

Winnipeg Court Remands Printer

WINNIPEG, March 12.—(CP)—The third printer to face a charge of intimidation, Robert Pettigrew, former member of the Winnipeg Tribune composing room staff, yesterday was granted a remand until March 13, when he appeared in police court. He was released on a \$1,000 bail. The charge follows an attack by five men on Thomas Love, employed as a printer at the Tribune, who was beaten in the doorway of a downtown store Feb. 28.

Miss Murray Pledges Vows

The home of Mr. and Mrs. A. Murray was the scene of a wedding ceremony at 8 p.m. of their only daughter, Miss Christina Murray, to Earl Clifford Wilbur, son of the U.S. Navy, son of Mr. A. Wilbur of West Union, Iowa, and the late A. Wilbur, Duffell, ex-minister and married decorated the bride. The Rev. J. Maclellan performed the ceremony. E. Thomasson played the wedding music.

GIVEN IN marriage by her father, the bride was smartly attired in a dressmaker suit of melon, beige gold and a small brown sequin hat with matching accessories in brown. Her only ornament was a gold U.S. Navy pin of the bridegroom. She carried a bouquet of tall roses and white lilies.

Miss Ellen Chalupa, bridesmaid, wore a dressmaker suit of robin's egg blue, small black hat of sequins with accessories in black. She carried a bouquet of pink carnations and lilies.

BEST MAN was John A. Murray, brother of the bride, and recently of the Royal Canadian Navy.

Mrs. Murray chose for her daughter's wedding a silk crepe dress of turquoise blue and a corsage of American Beauty roses.

After the ceremony a reception was held at the home of the bride's parents, where the bride's table was centred with a wedding cake and decorated with pink and white. David Clark proposed the toast to the bride.

After, the young couple left for Iowa where they will spend their honeymoon. They will be home temporarily in Oakland, Calif., where the bridegroom is stationed with the U.S. Navy.

Museum of Arts To Hold Tea

It will be tea with an Irish flavor when the Women's Society for the Museum of Arts, will give the Rick's Tea at the Museum, Friday from 3 to 6 p.m. and that doesn't mean the ragged tea that have to be standing on the hearth all day long, but there'll be shamrock to see, bewitching colors with her rough young woman's blouses, and a welcome as Irish as Judy's.

Mrs. R. P. Malone, president of the women's society will be in charge of the doleful tea.

THE ST. PATRICK'S Tea will be arranged by Mrs. Alan Shor, who heads the women's society committee. Among those serving will be Mrs. J. H. McDermott, Mrs. Philip Deane, Mrs. A. Fuller, Mrs. G. Chappell, Miss B. Murray, Mrs. J. H. McDermott, Mrs. W. Mustard, Mrs. G. F. Swallow, Mrs. W. Fallow and Mrs. Norman Macpherson.

Mrs. Russell Henderson and Mrs. Morton E. Hall, members of the Museum Shop, will be assisted in the shop by Mrs. Julian Garrett, Mrs. George Kellie, Mrs. J. H. Logan, and Mrs. Logan.

During the tea, the current exhibition at the museum, a collection of fifty Royal Canadian Canadian pictures, will be on display.

Who's Who in Edmon-Teens

Beating the record by four and two-fifths seconds in the relay race in the track and field section of the Dominion Intercollegiate track meet last year and taking several prizes in other track and field sports is the record of Miss Doris Verna Neuf, 16, daughter of Mr. and Mrs. F. Neuf, 7802 Jasper avenue, who is a member of the Central-Edmonton-Teens Club. A Grade 11 student at Eastwood High School, Doris will attend the University of Alberta and study pharmacy or chemistry. Doris plays the piano and she says sports take up most of her time. She plays basketball, swims, bowls, skates and plays ping pong. Her clubs are Eastwood Swim Club, Eastwood Bowling Club, Ping Pong Club, Basketball Club, Page and Hollingsworth Basketball School, Quondo Quo Club and H-Y-A. A member of First Presbyterian church, Doris sings in the senior choir of the church.

Elizabeth Woodward says... HEAVY ON THE "NO"

You wish you knew some way to get your family to let up where you were before. This is the way they are going to go. They tell you they don't care what anybody else says and does. This is the way their daughter is going to do.

Which is all right except that you're old man out. You're the only one in the crowd that can't run around to all the popular hangouts. You're the one that's got to know where you're going to go.

You've tried taking it over in a friendly way with your mother and dad. And usually someone's temperature gets overheated and they always win.

YOU'VE TRIED having the boys come to the house so the family could get acquainted with them. That has worked often... but sometimes they draw even that line with some of the boys. They put up barriers before they even see them... let alone come to the house.

You've tried taking your family on a sight-seeing tour of inspection. They saw with their own eyes what the skating rink looked like and how it goes and who goes too.

PLAY DIRECTOR

Get your crowd to bring their parents to a game gathering that different. Let one of the boys bring the crowd to the game. They bring up one point after another... all the differences of opinion that make trouble at home. Your parents would probably be so surprised they'd like the idea.

And if your parents heard the others give their okay to things you want to do... if they heard the others pool some of the regulations that strangle you... maybe they wouldn't be so stiffy with their "no's."

If something is getting you down... put it in a letter to Elizabeth Woodward... she'll be glad to help you. Write her in care of this paper... and enclose a stamped and addressed envelope.

Community Theatre To Present Play

"Trifles" by Susan Glaspell, a sensitive and gripping drama in which the central figure never appears on the stage, is one of the three one-act plays to be presented by the Edmonton Community Theatre at the Masonic Temple Wednesday evening.

The cast of five players taking part in this play include Margaret Res, Betty Dunlop, Murray Kendall, Roland Elfron and Kenneth Madson-Madoff. Of these, all Miss Res are "new names" to appear on an Edmonton Community Theatre program, but all have tried dramatic roles successfully for other dramatic organizations.

Properties and costumes for this production are under the direction of Margaret Res, assisted by Betty Manning and Flora Mackie.

When the Central Women's Christian Temperance Union held its regular meeting in the St. Douglas United Church parish, Mrs. A. E. Wright and Mrs. G. Knight presided over the meeting with a song. Mrs. W. H. Stierne led the prayer. The subject was "Our Responsibility to Youth."

It is estimated that before the war one-third of the U.S. families had incomes under \$1,000 a year.

Phillip H. Godsell Tells of Keen Competition Down North

Competition exists not only in civilization but in the wilds of the north, Phillip H. Godsell, F.I.G.S., noted author and traveller, told members of the Museum of Arts, Tuesday evening at a joint meeting of the Museum of Arts, Competition down north is actually accentuated by the personal element and a manifest itself in surreptitious acts such as that employed by one of the traders who imported oranges to the north.

Mr. Godsell, who as far as the Hudson's Bay Company has travelled 10,000 miles in Canada's northlands from Labrador to Alaska during the past forty years, said when he first came to the north, a land of Indians, Seamen, Eskimos, and improved Seamen, as the half-breeds called, and that the chief factors of the Hudson's Bay Company were the unknown kings of the north.

Recently appointed the director of folklore and local history at the University of Alberta and editor of "Folklore Quarterly," Mr. Godsell explained some of the methods adopted by the RCMP and legal men of the north.

RMA Members Hold Sessions In Edmonton

About 50 members of the Retail Merchants' Association of Canada

from central and northern Alberta arrived in Edmonton in connection with the setting-up of regional committees out of which the RMA intends to appoint representation to the Canadian Food Dealers' Association, section of the RMA, Secretary A. C. Mackay, Calgary, informed The Edmonton Bulletin Wednesday.

A SIMILAR MEETING will follow in the near future.

The meeting will continue throughout the day and will wind up with a banquet in the evening at the Macdonald hotel. J. E. Evans

MR. MACKAY IS IN the city attending the sessions. He said he was particularly interested in the brief presented to the agricultural section of the legislative assembly by the Alberta Federation of Labor which dealt with the 40-hour week, increase in basic hourly wage rates

The RMA secretary said the association he represents is considering the presentation of a brief to the government some time next week, outlining the position taken by organized merchants on the question of work-hours and wage rates, among many other things concerning merchants of the province.

MEMBERSHIP OF butchers and retail meat dealers in the RMA has grown to have membership

since their unsuccessful attempt at organizing a province-wide strike last fall in protest against the reimposition of meat rationing, it was stated this morning by the RMA's Northern Alberta representative, A. F. Dreger.

Mr. Dreger said a general meeting would be called some time in the near future to consolidate the new membership, to lay plans and to consider existing problems of the Association.

Camrose Member Learns Control Of Wild Oats

He advanced this startling innovation innocently, while speaking on methods he had found to be satisfactory on his own Camrose district farm, but ribald members of the assembly took great glee in placing another interpretation on

4 Edmonton Area Men Are Enlisted In the Air Force

Four more Edmonton area men enlisted in the Royal Canadian Air Force Tuesday, Flt-Lt. D. V. Kyle, recruiting officer for North West Air Command, announced today. They are David E. Popovich of Tellis, Roy A. Hinchliffe and Walter E. Holowac, both of Edmonton, and John Brownstein of Montreal and Edmonton.

This is the third time Brownstein has enlisted. In 1941 he went overseas with the RCASC but was sent

Wednesday morning. A similar charge against George Haves was adjourned until March 25. Haves pleaded "not guilty" to the charge. Police have identified the driver of the truck which knocked down Mrs. John Chubbs, 11846 69th street, Tuesday afternoon. Haves, 36, 30629 70 avenue, Accused occurred on 131st street and 45th avenue about 1 p.m. Tuesday.

HE TOLD POLICE: That he had been driving east on Chubbs street and stopped for a red light at the intersection. Starting up when light turned green, he saw a truck. He had no knowledge that an accident had occurred. He was almost through the intersection

A city taxi driver, Joseph Nolin, was fined \$300 and costs in city court Tuesday for driving without liquor. Alternative sentence was three months imprisonment.

LEO G. ROPCHAN was sentenced to three months imprisonment for each of four charges involving worthless cheques. Court ordered the accused to be detained in the city jail. He pleaded guilty to the charges, was alleged by detective to have obtained worthless cheques made out and in his possession when arrested.

southern city would cut down the quality of instruction offered at both institutions and would be tantamount to substituting a two second or third-rate university for the first-rate institution we now have. Students who graduated from these second-rate institutions would find that their degrees were not of much use to them when they went looking for jobs.

Hat-Check Girl Gets a Chance As Singing Star

VANCOUVER, March 13.—(CP)—A Vancouver reformed, better known than for as a hat-check girl like department stores where ever she happens to be a demand for them.

Those people who are agitating for the southern branch, would be well advised to consider this question carefully—and they will probably finally come to the conclusion that the answer to our present problem is to expand and complete the facilities at Edmonton rather than start a second university before we have one completed.

Farm Wages High In Nova Scotia

HALIFAX, N.S., March 13.—(CP)—Farm help in Nova Scotia received during January of this year an average daily wage with board of \$3.06, compared with \$2.80 for the same period of 1945. Without board, the helper received \$3.92 daily. Farm wages at the present time are about three times the 1940 average, provincial government statistics revealed yesterday.
